

<i>Deliverable</i>	<i>Evaluation</i>	<i>Points Given</i>	<i>Points Possible</i>	<i>Evaluation Criteria</i>	<i>Notes</i>
<b>PROJECT 2</b>	<b>Grading TA</b>		<b>40</b>		
<b>p02_writeup_[...].pdf</b>			<b>31</b>		
				Student name on page, AND file must be named	
	Follows naming convention		1	p02_writeup_[FAMILY NAME]_[Given Name]_[AndrewID].pdf	No partial credit
	Question 1 - version control		2	Writeup contains name of version control system being used	No partial credit
	Question 1 - screenshot		3	Writeup contains screenshot of version control being used	No partial credit
	Question 2		5	Writeup answers the question thoughtfully	1 pt for yes/no only.
	Question 3 - format		3	Log follows example format on project page	
	Question 3 - effort		10	Log shows 2-5 hours of reasonable effort	Points docked only if the description of the step was unclear
	Question 4		5	Writeup answers the question thoughtfully	Full points if Q2 was a "yes." 1 pt for yes/no only.
	Question 5		2	Writeup answers the question	"No" is acceptable
<b>p02_student_[...].cpp</b>			<b>9</b>		
	Follows naming convention		1	Must be named p02_AndrewID_student_turtle.cpp	No partial credit
	Reflects style changes		4	Changes in log (writeup, Question 3) have been made to original student.cpp	
	Reflects algorithm changes		4	Code has at least some changes in the logic/algorithm	Does not have to succeed at right-hand rule, but cannot be 100% left-hand logic
